

The hard rock band Bodine has ceased to exist. The recently recruited Picture-guitarist Henry van Maanen called it quits after one show and returned to Picture. Tensions rose between the other band members and even the core members of the band for eight years, guitarist Rheno Xeros and drummer Gerard Haitsma, broke up. With bassist Jeronimo, Haitsma is currently trying to form a band with American singer / guitarist Niki Buzz (ex-Vendetta, ex-M80). Starting in June the newborn trio is planning to record new material in the Zeezicht studio for their debut album, which will be released on Megaton.
